Tailor the Solution to Your Needs

The TransactRx Health Department Solution was built from the ground up to provide all the tools necessary for your health department to establish and operate a comprehensive third-party billing program. TransactRx is the only company that can provide all the following services in one solution.

Vaccine Billing for All Payer Types

MEDICARE PART D - Submit Claims for all Medicare Part D covered vaccines with one contract.

MEDICARE PART B - Expand your Mass Immunization program by billing Medicare Part B for Flu and Pneumonia shots

MEDICAID - Bill State Medicaid, Managed Medicaid and VFC Administration Fee claims

COMMERCIAL/ PRIVATE PAYERS - Submit claims to commercial and private payers according to payer specific coding guidelines.

Use One, Some, or All Services

Payer Contracting Services
